Exactly the right thing for a garage or a cellar – the innovative Wall-mounted Bicycle Holder 3730. Even high-quality bikes and most pedelecs are in good hands here. Its plastic-coated support arms can hold up to 30 kg and can be adapted to any type of bicycle through rotating and locking. After use, they can be easily swiveled away. The rotation angle of the holder can be adjusted – ideal for ladies' bikes. Hooks for accessories are also integrated into the wall mount.
